About Shree Bhagwat Metal

Shree Bhagwat Metal has developed a reputation of manufacturing high quality brass products that are cost competitive, well designed, durable, display excellent workmanship standards and are manufactured from high grade materials and components.

Our main strength is the product quality and precision as we are specialized in manufacturing of brass components as per customer's specification and their need. We follow stringent quality control at every step of production.

Situated in Jamnagar (Gujarat), India, our manufacturing unit is equipped with latest machines and technology to produce zero-defect and high performance brass components. The sophisticated production facilities enable us to execute orders of various sizes and specifications. The infrastructural facilities are also equipped with sophisticated packaging equipment and machinery to ensure quality packaging that ensures safety of products during transit and delivery.

COMPANY EXECUTIVE

• Mr. Darshak

CONNECT WITH US

info@shreebhagwatmetal.com

MAIN BUSINESS SCOPE

Manufacturer, Exporter and Supplier of Brass Parts in any alloys as per Custom Specification (Alloys: Brass, Copper, Bronze, Stainless Steel, Mild Steel, Aluminium)

COMPANY PROFILE

SPECIALIZATION

- Brass Cable Gland
- Brass CNC Components
- Brass Fittings
- Brass Gas Parts
- Brass Insert
- Brass Sanitary Parts

SERVICES WE PROVIDE

- Precision Machining
- Custom Machining
- CNC Turning & Milling
- Forging + Machining
- Stamping & Marking
- Brazing & Welding
- Annealing & Heat Treatment
- Surface Cleaning & Plating
- Light Assembly
- Packaging & Labelling

KEY MACHINES

- Automatic Traub Machine
- Automatic Sliding Head Machine
- CNC Turning Machines
- Automatic Bar Turning Machines
- Single Spindle Screw Machines
- Semi-Automated Machines
- Automatic Threading Machines
- Drilling & Milling Machines
- Profile Drawing Machines
- In House Tool Making
- Secondary Operations
- Light Assembly

QUALITY CONTROL

- Spectro Metal Analyzer
- Profile Projector
- Hardness Tester
- Digital Vernier Calipers
- Digital Micrometers
- Thread & Pin Gauges
- Special Purpose Gauges
- Radius Gauges
- Degree Protractors
- Torque Wrench

RAW MATERIAL

We follow strict rules in procuring raw material to meet our customer's quality requirement. We source it from approved suppliers who match our quality standards.

We use following Brass grades to manufacture our products IS 319 grade 1 & 2, BS218, HTB grade 1 & 2, BS 1001 etc, & SS Grades 202, 303, 304, 316, 316L, 400, etc.,

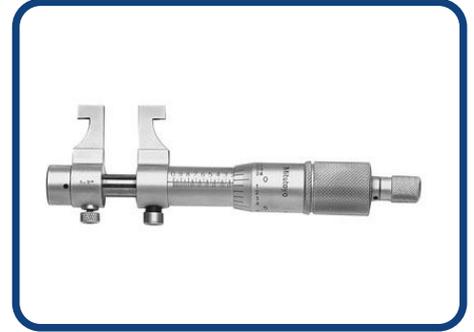

It is not limited to what is listed above. We can manufacture from any customer specified copper alloy.

DESIGN & DEVELOPMENT

We have in-house design and development team, which can provide samples as per customer specification.

QUALITY CONTROL

Quality Assurance is popularly known as QA Testing; it is defined as an activity & Assurance. We at Shree Bhagwat Metal ensure by providing the best possible product / service to customers. We focus on improving the processes to deliver Quality. Quality assurance has a defined cycle called PDCA cycle or Deming cycle. The phases of this cycle are: Plan, Do, Check & Act.

- Shree Bhagwat Metal plans and establish the process related objectives and determine the processes that are required to deliver a high-Quality end product.
- Development and testing of Processes and also “do” changes in the processes.
- Monitoring of processes, modify the processes, and check whether it meets the predetermined objectives.
- Implement actions that are necessary to achieve improvements in the processes.

Shree Bhagwat Metal, use Quality Assurance to ensure that the product is designed and implemented with correct procedures. This helps reduce problems and errors, in the final product. Our aim of Quality control is to check whether the products meet the specifications and requirements of the customer, which evaluates people on their quality level skill sets and imparts training and certifications. Shree Bhagwat Metal helps provide “perfect” service to our valued customers globally, we manufacture the parts as per European standards.

All parts are **PACKED** in plastic bags then into small boxes.
Small boxes are placed in bigger cartons.

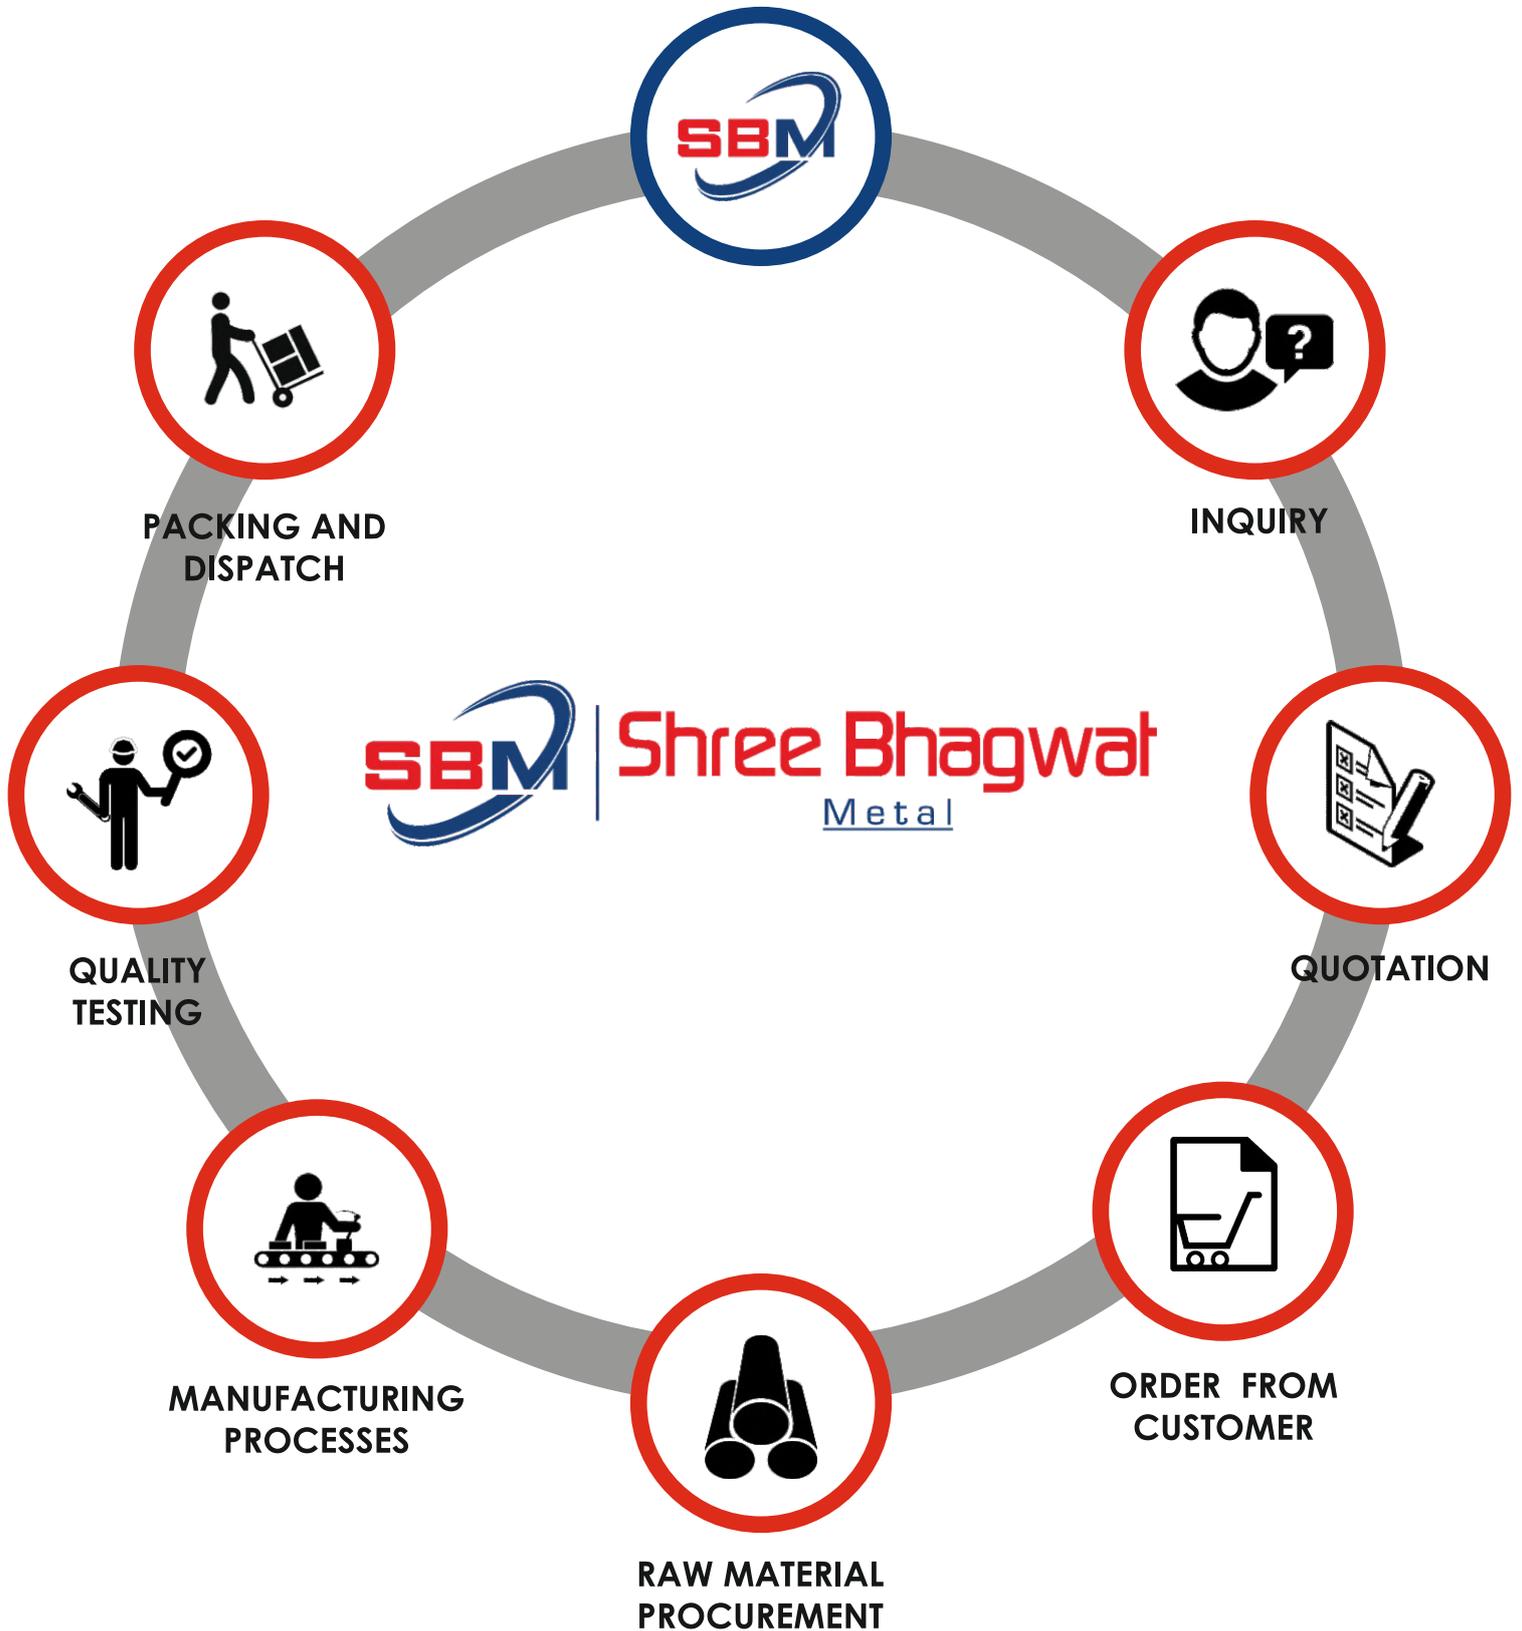

Cartons are further stacked in fumigated wooden pallets.

We provide Standard Packaging as per European standard.

We can also provide customised packaging as per customer request.
Which will cost extra.
